

The Timelessness of Hawaii's Forests

Kauai Forestry Forum

Presented by:
Hawaii Forest Institute
Alexander & Baldwin Foundation
Kukui'ula Development Company

Four members of Kauai's natural resources and forestry community will be presenting a broad range of topics at the first ever forestry forum at the new Kukui'ula Village Shopping Center in Poipu on the morning of April 9, 2010.

This presentation will introduce participants to an overview of Kauai's forests and ongoing projects--from wilderness to urban forestry-- that make a difference in a great way to the forests and environments of Kauai.

The forum is part of a statewide series of forestry forums presented by the Hawaii Forest Institute and sponsored by the Alexander & Baldwin Foundation.

Location: Kukui'ula Village – Mauka Side (Adjacent to the Hoyle Gallery)

Free Admission

Time: Friday April 9th, 2010 Morning Session 10:00-12:00
Afternoon field trip: 1:00-2:30

Schedule

10:00: Please come early to enjoy coffee and morning refreshments provided by Kukui'ula Development Company.

Speakers Begin

10:00: Welcome from Brent Herrington, President, Kukui'ula Development Company

10:10 – 10:30: Kukui'ula Landscape Introduction, Roger Peckenpaugh, Landscape Project Manager

10:40: Stephen E.S. Smith Moderator and Coordinator of the Hawaii Forest Institute's Forestry Forums, will provide an overview of Kauai's forests.

11:00: Alan Rietow, Field Representative for the Nature Conservancy, will talk about the Conservancy's most recent accomplishments on Kauai.

11:20: Dr. David A. Burney, Director of Conservation for the National Tropical Botanical Garden since 2004 will give an overview of projects at NTBG.

11:40: Questions and discussion

Lunch: 12:00: We invite guests to enjoy a break and a no-host lunch at Kukui'ula Village.

Field Trip: 1:00: Reconvene at 1:00 for a one and a half hour field trip of Kukui'ula's grounds. Roger Peckenpaugh will provide a look into Kukui'ula's landscape vision for the "Living Garden" by exploring plants, pathways and parks and the opportunities that come with well-planned urban forestry and community landscapes.

Seating may be limited please contact Stephen E.S. Smith to RSVP: forestry@hawaiiantel.net
